

Smart Voicing – GUI Setup

1. Download the [Smart Voicing GUI archive](#).
2. Extract using WinRAR (PC) or Keka (OSX).
3. **Move** the extracted folder ("straight-ahead-jazz") to the Native Instruments Kontakt 5/pictures directory.

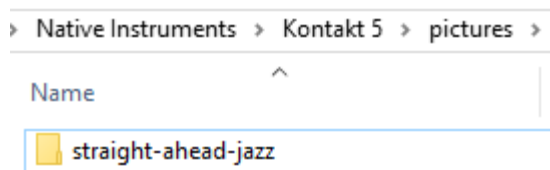

PC Default Location:

Documents/Native Instruments/Kontakt 5/pictures/

OSX Default Location:

/Users/<your username>/Documents/Native Instruments/Kontakt 5/pictures/

Your /pictures/ folder should **CONTAIN** the straight-ahead-jazz-horns folder:

Within "straight-ahead-jazz" you should have 93 total files, a mix of images and text files.

4. Load the SA Jazz Horns multi of your choice, and enjoy the full UI experience!
